

①

1. Apply supplied Velcro to back of cell phone. Center Velcro strips and apply: long strip to battery door, short strip to body of case.

②

2. Press Velcro strips of phone and Velcro strips of Quick Draw hinge together. Be sure the two Velcro surfaces are fully and firmly affixed together.

③

3. Fold cell phone backward to Quick Draw wrist band. Secure strap over your cell phone and snap shut. Your Quick Draw Cell Phone Case is now ready to use.

④

4. To talk: undo snap, flip phone downward into palm of hand. With a little practice you'll be quick drawing for every call.
